YALE

The Yale is a sleek and contemporary motion collection. Featuring generously full seats and a sophisticated, eye-catching divided back cushion, the Yale presents a refined touch to traditional motion seating. A soft, padded chaise supports your entire body when in the fully reclined position, while the T-shaped back cushions support your back and head. Sophisticated topstitching details highlight the geometric lines of the collection. The Yale collection is available with either power or manual activation and it is perfect for relaxing with your favourite book or sitting back and watching a movie. Its distinct design makes it a visually appealing addition to any casual or formal space.
