MANUFACTURED EXCLUSIVELY FOR
GUARDIAN PROTECTION PRODUCTS, INC

**Your new purchase looks beautiful.
How will it look six months from now?**

Keep your furniture looking new without the use of harsh solvents with our certifiably green Crypton Protection Program offered exclusively by Guardian Protection Products.

A leader in furniture protection since 1977, Guardian Protection has joined forces with revolutionary textile manufacturer Crypton Super Fabrics to bring you the most advanced, effective and eco-friendly warranted furniture protection program in the industry.

Crypton's third-party certified cleaning products are

engineered to provide complete protection using the safest, greenest technologies. Fabrics stay clean longer so you can Live Clean and Live Green.

You've found furniture that suits your taste. Why not choose a protection plan that fits your philosophy of clean living?

We've got you covered. Really.

With the Crypton Protection Program you get more than just an extended 30-day claim notification period and expanded warranty coverage. You get the next generation of stain releasers — safer, greener — and superior at eliminating most stains.

Whether you are buying fabric, leather, stone or wood, you'll get our warranted coverage against common household mishaps guaranteeing full replacement of furniture, when applicable.* You may also receive a customized furniture care kit including cleaner, protector and polish, for example, to help you care for your purchase.

Guardian's expanded warranty covers these types of mishaps:*

- Accidental stains caused by food and beverage, pets, grass, crayons, grease, ballpoint pen ink, and cosmetics on upholstered furniture
- Accidental rips, cuts, burns and punctures on leather
- And for wood furniture, accidental breakage of wood frames and glass or mirror components plus gouges, heat marks and liquid rings

Furniture maintenance that's as easy as 1-2-3

1. If a spill occurs, blot with a clean dry cloth or sponge.
2. If you received Crypton cleaning products with your warranty purchase, then select the appropriate product and follow the directions to remove the stain. If you do not have the Crypton cleaners, then proceed to step three.
3. If the stain remains, or for other covered damages, call Guardian Customer Service within thirty days. A representative will assist you with your warranty coverage. Coverage may include professional cleaning or repair of the covered item. If the covered item cannot be cleaned or repaired, we'll replace it.

*Your sales person will provide details about this store's specific programs. This brochure is a summary of the types of coverages that can be offered, and is not a substitute for the warranty.
